- **Women’s Cybersafety copy:** Harassment can occur in person and online. Recognize the signs and know how to respond to by blocking, reporting, and documenting. Cybersafety is serious; to learn more, visit [SafeOC.com](https://SafeOC.com).
- **Women’s Workplace Safety copy:** Have you ever felt afraid to speak up or report misconduct? Know that there are many options to report such things without fearing retaliation or further misconduct. Speak with HR or use anonymous reporting tools if needed. Visit [SafeOC.com](https://SafeOC.com) for more workplace safety tips.
- **Workplace Scams copy:** Scams can happen in the workplace, whether through phishing emails, fake job offers, or deceptive invoices. Be aware of suspicious requests for sensitive information or from an email you don’t recognize. Always verify unusual requests with the proper channels before taking action. Stay aware and protect yourself from workplace scams. For more tips on how to detect and avoid scams, visit [SafeOC.com](https://SafeOC.com).
